

TREND
FAIR

A 3D isometric graphic featuring the words "TREND" and "FAIR" arranged in two rows. Each letter is displayed on a rectangular block. The blocks are colored in a gradient of yellow and orange, with some blocks appearing lighter and others darker to create a sense of depth and perspective. The blocks are connected by thin, vertical dashed white lines, suggesting they are hanging from a common point or are part of a larger structure. The entire graphic is set against a solid, light gray background.
